FOR SCHOOLS

Try Warmelan with one section

Invite a teacher to set up a class and link families. Start by recording attendance and releasing one quiz result. Ask each participant what they can see.

Proposed annual access

₱1,000

per participating student per year

Teacher and parent access is free. A school or district quote uses the number of students participating in that school or district.

TEACHER VIEW

Record and release

MATHEMATICS / GRADE 7

Fractions quiz

8/10

A Grade 7 Mathematics teacher enters an 8/10 score for a fractions quiz. Saving the score keeps it in the teacher's class record. The teacher previews the result and uses Release progress to share it.

Attendance

Elementary advisers take a daily section roll. Junior High, Senior High and college teachers take attendance for each subject meeting.

See the result

MATHEMATICS / GRADE 7

Fractions quiz

8/10

The student opens My progress to see the released quiz score. A running grade uses the scores shared so far and may change during the term.

Schoolwork

A student can open the teacher's fractions reviewer, check class dates and find the next homework assignment.

Know where to start

MATHEMATICS / GRADE 7

Fractions quiz

8/10

A parent selects their linked child in Family home. The quiz gives them something specific to ask about. At 18, the student chooses whether to share progress with a linked parent again.

Stay in touch

Messenger connects linked accounts. On Activity Board, a linked classroom can view a posted activity photo. Families have three days to save it.
